Yes, this is incorrect. There should be a separate line item for return of empty intermodals to the vendor. I will revise this.

This looks good. However, please clarify what this means:

“The cost should include transportation of the container to the Niagara Falls Boulevard job site and the return of intermodals to their original point of mobilization”.

These containers will most likely be going to the T&D facility and either back to our site or back to their facility, no?

Eric,

Please see the attached draft solicitation for Intermodal containers. Let us know if there are any changes or if we can make this a final and put it out for vendor quotes.

Thanks
